For most events we recommend the 16" Extra Large size, which has 12 slices per pizza. Based on our 30+ years experience, we've found the "magic number" of slices per person to be 2.5 for a group of adults. So as an example, you would need 6 Extra Large pizzas for a group of 25 people.

25 people x 2.5 slices / 12 slices per pizza = 5.21 Extra Large pizzas, so round up to 6 pizzas.

Feel free to call us and we'll be happy to help you figure your needs.

(Individual-size gluten-free crust also available.)

And remember, we provide napkins, plates, slice servers, Parmesan cheese packets, crushed red pepper packets, individually wrapped mints, and cups (with 2 liter soda orders) for your event at **no additional charge.**

We also provide attractive full-color signs clearly describing each type of pizza. We deliver to the greater Dayton area, and our delivery specialist will be on time and will set everything up for you. With 30+ years of experience, we know how to take care of your guests.

One call does it all for you!
